

MINERAL PURIFIER & CATALYST™
FOR POOLS & HOT TUBS

- Simplifies Maintenance
- Improves Chemical Balance
- Prevents Chemical Use Overload
- Reduces Organic & Inorganic Contamination

JUST CLEAN, CLEAR & COMFORTABLE

Blueray XL™ will Unlock Your Pool™ & hot tub's water balance to make your chemicals more productive and last longer.

Blueray XL™ has a proprietary blend of minerals, cleaning agents, chelating agents, and sequestrants. Blueray XL is designed to be used as a multi-purpose water modifier to reduce Chemical Oxygen Demand (COD)

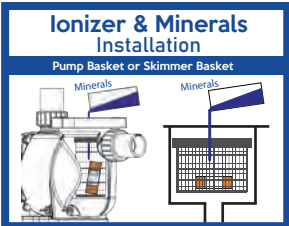

**Less Chemical Demand
=
More Comfort & Less Irritation**

Blueray XL's cleaner formulation is designed free from PESTICIDE uses.*

Ideal for "GREEN to CLEAR" treatments, cleans up dead algae, pollen and other forms of non-living organic water contamination for six months.

Blueray XL will aid in: removing anionic compounds through flocculation in the water and increase the rate of chemical reaction of pool & hot tub oxidizing agents to burn off inanimate organic contamination with an unmatched effectiveness.

6 & 12 MONTH TREATMENT

- Extends water life
- Salt water compatible
- For any pool finish
- With stain inhibitors
- Pre-measured
- PREVENTS Chemical By-products

7-in-1

Flocculant
